How to become a Member of Oasis Church

1st SUNDAY OF EACH MONTH

If you are ready to become a member of Oasis then please join us on the 1st Sunday of the month. Pastors Danny & Jillian will share our history, along with the mission & vision of the Oasis. We will cover our core beliefs and lay the foundation of the remarkable life that we believe can happen when a person moves beyond church attendance, to knowing God intimately. This will help you understand the values of our Oasis Church. We will explain the importance of growing in community through our Life Groups and Life Classes. You will also get a clear picture of why we do what we do during our Weekend Worship Experience. You'll also hear some amazing stories of our Oasis Journey. During this time you'll discover who we are, where we came from, and the exciting road ahead of us as a church family as together we sow into the lives of others.

FOLLOWING CHRIST IN BAPTISM

Baptism is an outward sign of an inward faith. Therefore, only those who have received Jesus as Lord and Savior should be baptized. It symbolizes the death and burial of our old life as we are immersed in water; and as we are brought up out of the water it symbolizes that we are new creations, like new babies coming out of the womb; raised into a new life in Jesus Christ.

“For you were buried with Christ when you were baptized. And with him you were raised to new life because you trusted the mighty power of God, who raised Christ from the dead.” Colossians 2:12 NLT

It identifies us with Christ's death and burial. As we go down into the water, we declare ourselves dead to our old way of living. (Acts 2:38; Romans 6:3-5)

It also identifies us with Christ's resurrection. As we are coming up out of the water, we declare that He has given us power to live a new life full of meaning and purpose.

Why Should I Be Baptized?

1. In obedience to the command of Jesus Christ. (*Matthew 28:19*)
2. It publicly demonstrates that I really am a believer (Acts 19:3-5).

“Those who gladly received His word were baptized...” Acts 2:41

What Are Life Groups?

Life Groups Make A Difference....

God's plan for our personal spiritual growth involves having close, authentic personal relationships with a few, trusted people (i.e. life group). God reminds us with the need for social contact and community with fellow believers. Life groups are where this happens! They are also a place where those who have not yet crossed the line of faith can come into relationship with believers in a comfortable environment, explore faith issues, have fun, and ultimately come into relationship with Christ.

Our vision of Life Groups is very simple. They are places where people grow their faith through understanding, support, accountability and responsibility.

Understanding: There is something amazing that happens when people learn to understand each other. We don't even have to agree on everything, but we can understand, acknowledge and appreciate another's perspective.

Support: When there is a sense of belonging and understanding, a Life Group becomes a place of support. Giving support is really cool; getting support is priceless!

Accountability: This means having people in my life who I give permission to keep me on track. We are not meant to walk the Christian journey alone; we need people to compare notes with, to bounce stuff off of and especially to just challenge ourselves with.

Responsibility: This is where we must realize that relationships do not magically happen. They must be nurtured and worked on. This is the best thing about Life Groups, they give us the opportunity to develop and work on relationships, leadership skills and the act of committing to the process. The bottom line is we need each other, and others need you!

***“Now you are the body of Christ, and each one of you is a part of it.”
1 Corinthians 12:27***

Girls Night Out

"SHE" factor: She knows who she is and why she is. She leads her life instead of her life leading her. She listens to her heart and follows with peace. She sees past herself into her world. She speaks with wisdom and not with impulse. She expresses her joy through her laughter. She lives by Faith. She trusts without skepticism. She stands for purity and integrity. She Loves.

ATTENTION ALL GIRLS 13-17!!! This is for YOU! Every day, the world throws lies at us from all directions convincing us that we're ugly, fat, stupid, and worthless. It tells us that nothing we do is ever enough and that even God can't get us out of the state we're in. Are we going to stand up against those lies or accept defeat? We will be going through the book "Lies Young Women Believe" to discover the beautiful and strong person God has created each of us to be and how to fight against those lies. We'll grow together through the book, develop the "SHE" factor, have some good quality girl time, and of course fun and games! Nothing is off limits...expect the unexpected!

Adventurous? The term First Ascent is used when a climber scales a rock face that no one has ever finished before. Our Christian walk can feel the same way sometimes, as if we are alone and no one has ever encountered the problems we feel. But we don't have to live life alone. If you are interested in a group that will push you physically and spiritually, this group is for you. One (or more) weekend a month we will go rock climbing, camping, bouldering, swimming, cave exploring, rappelling, and hiking all around Tennessee, and occasionally other states nearby. The only expense will be splitting money for gas, and perhaps renting some rock climbing shoes and harness, \$5-\$10-\$20 a trip would be normal.

God. I am the LORD. Leviticus 19:32*

Dog lovers and people with a heart for the elderly are needed to provide therapy at nursing homes. It's easy, fun, and is so appreciated. Studies I shown that the elderly relate well to animals and that their health and quality c are improved when they have regular interaction with animals. Life g participants should have the desire and skills necessary to visit elderly peop

nursing home facilities. They should be patient, enjoy visiting, be good listeners and have a good understanding of how to communicate with and control animals. Life group participants can handle an experienced pet therapy dog provided or may arrange to bring their own therapy dog. Animals should possess enough basic training to be reliable (predictable) and well behaved. A copy of recent vaccinations is required for all participating dogs. Nursing home visits will be planned twice a month, or as schedules permit.

A Servant's Hands

We know that many of those who attend here at OASIS have had medical challenges, or experience medical emergencies. Many are single or have no family that are in the state or that can help, some families are simply overwhelmed with sickness and circumstances. I would like to assemble a team of people throughout the different areas like Nashville, Murfreesboro, Spring Hill, Hermitage, etc. who would be willing to help with an occasional need. Perhaps run an errand, do the wash, clean or anything that might be left undone without help. Words are a great comfort but a HELPING HAND when a brother or sister is sick or in need would be a salve to the soul.
